

Hain Celestial Completes Strategic Sale of U.K. Based Fruit Business, Orchard House®

January 14, 2021

Strengthens International Growth Profile, Adjusted EBITDA Margins and Continues Execution of Transformational Strategic Plan

LAKE SUCCESS, N.Y., Jan. 13, 2021 /PRNewswire/ -- The Hain Celestial Group, Inc. (Nasdaq: HAIN), a leading organic and natural products company with operations in North America, Europe, Asia and the Middle East providing consumers with A Healthier Way of Life™, today announced that it has completed the divestiture of its U.K. fruit business, including the Orchard House Foods Limited business and associated brands, to Elagmore, a U.K. based private equity firm. Details of the transaction were not disclosed.

Mark L. Schiller, Hain Celestial's President and Chief Executive Officer, commented, "We are pleased to complete the strategic sale of our fruit business to Elagmore, a private equity firm focused on buying and growing U.K. businesses. The divestment of this complex, non-core asset fully aligns with our brand simplification and strategic transformation processes. By divesting this business, which was negatively impacted by the Covid-19 pandemic, the remaining Hain Celestial business will show immediate improvement in its growth rate and margins, allowing us to reinvest capital behind the strength of the remaining International platform. We remain confident in our ability to continue to improve our overall margin and cash flow profiles to fuel sustainable long-term growth and profitability."

Spayne Lindsay & Co. acted as financial advisor and DLA Piper UK LLP acted as legal counsel to Hain Celestial.

Safe Harbor Statement

Certain statements contained in this press release constitute "forward-looking statements" within the meaning of federal securities laws, including the Private Securities Litigation Reform Act of 1995. Forward-looking statements are predictions based on expectations and projections about future

events and are not statements of historical fact. You can identify forward-looking statements by the use of forward-looking terminology such as "plan", "continue", "expect", "anticipate", "intend", "predict", "project", "estimate", "likely", "believe", "might", "seek", "may", "will", "remain", "potential", "can", "should", "could", "future" and similar expressions, or the negative of those expressions, or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. You can also identify forward-looking statements by discussions of the Company's strategy and future performance.

Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, levels of activity, performance or achievements of the Company, or industry results, to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements, and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods that may be incorrect or imprecise and may not be able to be realized. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). Such risks include, among others, the risks detailed from time-to-time in the Company's reports filed with the United States Securities and Exchange Commission, including our most recent Annual Report on Form 10-K and our subsequent reports on Form 10-Q. As a result of such risks and other factors, the Company cannot provide any assurance regarding future results, levels of activity and achievements of the Company, and neither the Company nor any person assumes responsibility for the accuracy and completeness of these statements. All forward-looking statements contained herein apply as of the date hereof and, except as required by applicable law, the Company disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors or new methods, future events or other changes.
