Item 11. Executive Compensation.

COMPENSATION DISCUSSION AND ANALYSIS

This section is intended to provide in-depth descriptions of the principal features of our executive compensation programs. Please refer to the tables and text that immediately follow this section for more specific details.

Overview

Our Compensation Committee is responsible for establishing and administering policies governing the compensation of our named executive officers, who we refer to as our "NEOs":

- Irwin D. Simon, our Chairman, President and Chief Executive Officer
- Ira J. Lamel, our Executive Vice President and Chief Financial Officer
- John Carroll, our Executive Vice President and Chief Executive Officer—Hain Celestial United States
- Michael J. Speiller, our Vice President and Chief Accounting Officer

Compensation Committee Initiatives

During fiscal year 2008, the Compensation Committee addressed the following initiatives:

- Satisfying our contractual obligation to our CEO with respect to the grant of 300,000 options which he was entitled to receive on each of July 1, 2005, 2006 and 2007 but were never granted;
- Provide equity grants to the other NEOs and other key employees; and

- Commence work on developing a performance-based equity plan that would align performance and rewards to NEOs and other key employees with long-term stockholder interest.

Our compensation program is comprised of the following elements:

- base salary;
- annual cash incentives;
- long-term, equity-based incentives;
- other compensation (including perquisites) and employee benefits generally available to all of our employees; and
- severance and change in control agreements.

The current compensation program for our NEOs does not contemplate cash bonuses other than the annual cash incentives described below, nor does it include any deferred compensation plans. Although in prior years discretionary cash bonuses were awarded to NEOs, the Compensation Committee has adopted a more structured approach to determining the annual cash incentives for our NEOs. The Compensation Committee maintains authority to issue discretionary bonus awards where circumstances indicate that such awards are warranted.

We believe that a significant portion of our NEO compensation should be dependent on the continued growth and success of our Company so that our NEOs have even stronger motivation to work towards the long-term interests of our stockholders. As a result, we continuously work to focus our NEO compensation on equity and cash compensation that is not awarded until and unless various performance goals are met.

Objectives of Our Compensation Program

The primary objectives of our executive compensation program are to:

- Attract and retain qualified executives who will provide strong, competitive leadership in the natural and organic food and personal care products industry;
- Structure executive compensation in a manner that promotes our strategic, financial and operating performance objectives; and
- Align the interests of our executives with the interests of our stockholders.

Our compensation elements are designed to achieve the objectives set forth above as follows:

- Base salary and benefits are designed to attract and retain executives by providing regular and continued payments that are appropriate to their position, experience and responsibilities.
- Annual performance-based cash awards are designed to focus our executives on pre-set objectives each year and drive specific performance needed to foster short-term and long-term growth and profitability.
- Long-term equity-based incentives are designed to align our executives' interest with those of our stockholders.
- Severance and change-in-control plans are designed to neutralize the potential conflict of our key executives when faced with a potential change in control or other possible termination situation and to facilitate our ability to attract and retain executives as we compete for talented individuals in a marketplace where such protections are commonly offered.

For each NEO, the Compensation Committee members determine each component of compensation based on their collective assessment of the officer's performance. At the Compensation Committee's request, our CEO discusses the performance of the other NEOs, but the other NEOs do not have any input into executive compensation decisions. The Compensation Committee gives considerable weight to the CEO's evaluation of the other NEOs because of his direct knowledge of each officer's performance and contributions. Mr. Speiller was not appointed an executive officer until the last quarter of fiscal year 2008 and, therefore, the Compensation Committee did not review his compensation for fiscal year 2008.

Compensation Consultant and Benchmarking

During fiscal year 2008, our Compensation Committee engaged Towers Perrin to be its external advisor, reporting only to the Compensation Committee. The Compensation Committee asked Towers Perrin to review the competitiveness of our overall

compensation program and to provide guidance with respect to any modifications to our compensation programs. In order to examine the competitiveness of our overall compensation program, Towers Perrin compared the total direct compensation, which consists of cash, incentive cash compensation and equity compensation, but does not include benefits and perquisites, of our NEOs during fiscal year 2007 to published survey data of comparable companies in the food and beverage industry and general industry taken from the Towers Perrin CDB Executive Compensation Survey (2007). The process for choosing the companies used in the Towers Perrin analysis report was based on the following screening criteria: revenues, total assets, market capitalization, comparability to our business and whether they are in the branded food and beverage business. The resulting companies were as follows:

- B&G Foods, Inc.
- Corn Products International Inc.
- Flowers Foods Inc.
- Green Mountain Coffee Roasters, Inc.
- Hansen Natural Corp.
- Imperial Sugar Co.
- J&J Snack Foods Corp.
- Lance Inc.
- McCormick & Co. Inc.
- Ralcorp Holdings Inc.
- Reddy Ice Holdings Inc.
- Seneca Foods Corp.
- Smucker JM Co.
- Tootsie Roll Industries Inc.
- Treehouse Foods, Inc.
- United Natural Foods Inc.

Although the Compensation Committee reviewed the Towers Perrin report for the purpose of confirming that our compensation practices are generally in line with companies who compete with us for executive talent, the Committee did not set our executive compensation with reference to any particular percentile of our peer group compensation, or with an eye towards “matching” any particular element or mix of elements. Our Compensation Committee is evaluating ways to improve our compensation programs and is developing a plan for multi-year performance-based equity awards.

Base Salary

The base salary component of our compensation program is intended to attract and retain top executive talent by fairly compensating our NEOs according to their job responsibilities and professional experience. The salary ranges for each of our executive positions are based on appropriate external comparisons and internal responsibilities.

Our CEO, who founded our Company in 1993 as an early leader in our industry, continues to be a prominent leader in the natural and organic products industry. He brings a creative vision to his position, as well as relationships with customers and suppliers, not easily found elsewhere in the natural and organic products industry. We believe that our CEO’s salary is appropriate given his leadership position and in view of his years of dedication to the Company during which he has made significant contributions to the Company’s growth and success. In addition, his salary is subject to an existing employment agreement.

Base salaries for our NEOs are generally reviewed annually and are subject to annual increase at the discretion of the Compensation Committee. In reviewing base salaries, the Compensation Committee considers each NEO’s:

- past performance,
- scope and nature of responsibilities,
- experience,
- expected future contributions,
- base salary in comparison to our other employees (including the other NEO’s base salary as a percentage of the CEO’s base salary), and
- achievement of corporate and individual performance goals.

For fiscal year 2008, the Compensation Committee recommended, and the Board of Directors approved, that Mr. Simon should receive a 6.0% increase in base salary from his fiscal year 2007 base salary and that Mr. Lamel should receive a 5.0% increase in his base salary due to exceptional performance in the prior year; these increases were in the range of all percentage increases awarded to all other employees. Mr. Carroll received an increase in base salary of 14.6%, which was established by the Compensation Committee based upon the recommendation of the CEO in light of exceptional performance in the prior year and increased responsibilities assigned to Mr. Carroll, including his leadership role with respect to personal care.

Annual Cash Incentives

Annual cash incentive compensation is designed to motivate our executive officers to achieve annual financial and other goals based on our strategic, financial and operating performance objectives, consistent with our emphasis on maintaining a performance-based compensation program. In prior periods, consistent with our CEO’s employment agreement, the Compensation Committee established performance objectives based on a set of performance criteria, which were determined annually by the Compensation Committee in consultation with our CEO. In general, such criteria consisted of performance targets such as sales volume; profit; earnings before interest, taxes, depreciation and amortization (EBITDA); acquisitions and their integration. In addition, the Compensation Committee was authorized to grant discretionary bonuses to our CEO. In considering bonus compensation for Messrs.

Lamel and Carroll, many of the same performance criteria used to determine the annual cash incentive compensation for our CEO were used to determine such bonuses.

For fiscal year 2008, the Compensation Committee adopted a more structured approach for determining the annual cash incentives for all of our NEOs. To this end, the Compensation Committee adopted annual performance measures for each of the NEOs, other than Mr. Speiller, in accordance with their responsibilities for our overall corporate performance and, with respect to Mr. Carroll, the performance of the reporting units he manages. There are multiple performance measures and each measure is assigned a weight expressed in points and each point is assigned a dollar value. For each performance measure, the Compensation Committee has approved a threshold, target and maximum goal. The “threshold” goal is generally the lowest performance rating that would result in the NEO receiving any incentive compensation for that element for that year, and generally results in a commensurately lower payment. However, the Compensation Committee, in its discretion, may award some points for performance criteria below the threshold goal. Each performance measure is assigned a percentage of the total maximum bonus as a cap for that performance measure; the maximum aggregate incentive payment our CEO may receive is capped at 200% of his annual base salary, as provided in his employment agreement. Messrs. Lamel and Carroll are each capped at 100% of his annual base salary. Mr. Speiller was not eligible to participate in this program during the 2008 fiscal year because he had not yet been appointed an executive officer.

The performance measures adopted by the Compensation Committee included targeted financial measures, including targets for the achievement of levels of revenue, earnings per share, gross margins, EBITDA, and the development of a financial plan for fiscal year 2009 with targeted levels of improvement over fiscal year 2008. Additional performance measures were adopted for acquisition activity and the development of strategic initiatives, including continued strengthening of the management team and succession planning.

The performance objectives together with the number of points assigned for each objective established for Messrs. Simon and Lamel for fiscal year 2008 were:

	Stated Goal	Points	Threshold	Target	Maximum
FINANCIAL MEASURES					
	Revenue	100	+2.5%	+ 10% -15%	+25%
	Diluted Earnings Per Share - adjusted	100	+7.5%	+ 17.5% - 22.5%	+25%
	Gross Margin -adjusted	100	Maintain Gross Margin flat	+25 basis points	+50 basis points
	EBITDA - adjusted	100	+5%	+ 10%	+15%
	FY09 Plan: Deliver a Plan for the next fiscal year with improvements as indicated.	100	Revenue: +5.0% EPS: +5.0%	Revenue: +7.5% EPS: +7.5%	Revenue: +10.0% EPS: +10.0%
	POINT TOTAL	500			
STRATEGIC DIRECTION					
	Expansion of the Company’s participation in strategic new categories	50			
	Expansion of the geographies in which the Company operates	100			
	Acquisitions	50			
	Business Rationalization	50			
	Consolidation	50			
	POINT TOTAL	300			
LEADERSHIP					
	Hire and develop senior management	100			
	Succession Planning	100			
	POINT TOTAL	200			
	TOTAL OF ALL POINTS	1000			

Mr. Carroll has an annual cash incentive plan that is similarly structured. His performance measures were written and approved by Mr. Simon using his own financial, strategic direction and leadership goals serving as a guideline on both target performance and relative weighting of such performance measures. The performance measures and their weights are as follows:

- Financial Measures (50% of points) – revenue, operating income and gross margin with respect to the reporting units Mr. Carroll manages, earnings per share and FY09 plan.

- Strategic Direction Measures (30% of points) – development and execution of strategic direction measures designed to improve productivity initiatives and the Company’s long-term financial strength.
- Leadership Measures (20% of points) – hire and develop management team.

Generally, during the first quarter following the completion of each fiscal year, the Compensation Committee evaluates each participating NEO’s performance against the pre-set performance measures to determine the amount of the NEO’s annual cash incentive for the prior fiscal year. The results of this evaluation are shared with the full Board of Directors for their final approval. Although the arrangements described above form a framework for incentive payments, the Compensation Committee retains complete discretion over the final payment, including authority to award no payments even if all targets are met; however, the Committee does not have authority to grant awards under this annual incentive plan in excess of the applicable cap. Annual cash incentive awards for the fiscal year ended June 30, 2008 for the NEOs have not yet been determined while the Compensation Committee continues to evaluate the performance of each NEO as compared to the performance measures established for the fiscal year.

Long-term Incentive Program

Historically, our principal method for long-term incentive compensation was stock option grants under our Amended and Restated 2002 Long Term Incentive and Stock Award Plan (the “2002 Plan”). We believe that equity grants serve our compensation objectives by linking the compensation of our key employees to our long-term growth and prosperity, since the value of equity awards will increase or decrease with the value of our common stock.

We did not grant equity compensation in fiscal years 2006 and 2007 in part due to insufficient shares available for grant under the 2002 Plan. In addition, during that time we conducted a comprehensive review of our compensation policies, including a review of long-term non-cash incentives to ensure that they are competitive and appropriately linked to our long-term success and the creation of stockholder value. The implementation of any equity compensation plan was further delayed due to the review by a group of independent directors of our stock option practices. As previously mentioned, the Compensation Committee is currently working with Towers Perrin to develop a long-term incentive plan that is attractive to key employees while serving the interests of our stockholders.

On September 21, 2006, our Board of Directors approved revised approval procedures for equity grants. Pursuant to those procedures:

- The Compensation Committee had to recommend all equity grants to the full Board for approval.
- All option grants were required to have an exercise price equal to the closing price of our stock on the date of the Board’s approval of the grant.

Following completion of the stock option review, on January 29, 2008, our Board further refined our equity compensation procedures as follows:

- All equity awards other than new hire grants will generally be considered by the Compensation Committee and the Board of Directors annually following each fiscal year end.
- The Board of Directors has delegated to the Compensation Committee the authority to grant new-hire grants during Committee meetings on a quarterly basis; such options must have an exercise price equal to the closing price of our common stock on the last day of the quarter in which they were granted.
- Details of recommended grants will be circulated to the Compensation Committee in advance of meeting.

On April 1, 2008, the Compensation Committee recommended, and the Board of Directors approved, at a regularly scheduled meeting, equity grants to our NEOs and other key employees for the first time since August 5, 2004. Mr. Simon presented the Compensation Committee with his recommendations regarding all grants other than his own, but was not present when the Committee considered the grant recommendations and subsequently voted to approve the grants. Although our 2002 Plan permits the grant of options, restricted stock, stock appreciation rights, restricted share units, performance units, dividend equivalents and other share based awards, our 2008 grants consisted only of stock options and restricted stock because we believe that those instruments most closely link our performance with executive compensation.

Grant to Mr. Simon

- Pursuant to his employment agreement, Mr. Simon was entitled to receive 300,000 options on each of July 1, 2005, 2006 and 2007, but these options were never granted because of a lack of available shares under the 2002 Plan and due to the pending study on the appropriate manner of settling these awards. On April 1, 2008, the Board, based upon the recommendation of the Compensation Committee and consultation with Towers Perrin, determined that Mr. Simon should receive \$12 million total value in a mix of equity grants and cash. This amount represented the Black-Scholes value of the options Mr. Simon would have held on April 1, 2008, had he been granted options on the schedule contemplated in his employment agreement. Such amount was split equally such that (a) 472,671 stock options were granted at an exercise price of \$30.35 per share (equal to the closing market price on April 1, 2008) with a 7-year term that will vest annually over four years, (b) 131,796 shares of restricted stock were granted that will vest annually over three years and (c) a cash payment of \$4 million was made. We split the awards this way because the objectives in providing the April 1st grant were to:
 - Maintain as close a connection as possible to the intent of our CEO's employment agreement;
 - Minimize the impact of the grant on the number of shares available for grant under the 2002 Plan;
 - Allow for some liquidity due to the passage of time; and
 - Provide for some of the value which would have been earned had the grants been provided at the time stated in the CEO's employment agreement.

In connection with this determination by the Board, reference was made to the terms of the October 30, 2006 extension to the employment agreement with Mr. Simon under which Mr. Simon agreed that the equity components of future awards would vest under the same terms as awards to other executives and employees, including potential forfeiture should Mr. Simon decide to leave his position with us by virtue of his own decision, despite the provision in Mr. Simon's employment agreement effective prior to the extension that called for immediate vesting upon grant. The ungranted options to Mr. Simon have been previously disclosed in filings since 2006.

Grants to Messrs. Lamel and Carroll

The Board also determined that Messrs. Lamel and Carroll should each receive an equity grant with a value of \$1 million on the April 1, 2008 date of grant. In making this determination, the Compensation Committee asked Towers Perrin to provide guidance on how this long-term incentive value should be delivered and what vehicles should be used. The Committee, in order to maintain as much alignment as possible with the current year component of the equity grant to our CEO, in light of the lapse in time since our last grant to these individuals, determined that the grant should be split equally between two long-term incentive vehicles and consist of:

- 59,084 stock options, vesting in equal annual amounts over four years, with an exercise price set at \$30.35 per share (equal to the closing price on the date of grant); and
- 16,474 shares of restricted stock that will vest in equal annual amounts over three years.

The split between the two long-term incentive vehicles served to align the long-term incentives with stockholder interest and provide incentive for the retention of our NEOs.

Grant to Mr. Speiller

In connection with Mr. Speiller's appointment as Chief Accounting Officer, he was granted 7,000 shares of restricted stock that will vest in equal amounts over three years. Mr. Speiller received restricted stock with a three-year vesting period to be consistent with the grants made to other key employees.

Other Compensation

Our NEOs are eligible for the same level and offering of benefits that we make available to other employees, including our 401(k) plan, health care, dental and vision plans, life insurance plans, and other employee benefit programs. In addition to the standard benefits offered to other employees, we provide Mr. Simon with a Medical Reimbursement Plan, which reimburses any expenses for health, prescription, dental and vision not covered by our insurance plan that are incurred by him and his dependents. In addition, we reimburse Mr. Simon for a portion of the premium associated with his life insurance policy in accordance with his employment agreement. For additional information regarding other compensation, see the Summary Compensation Table, page 11.

We do not have any defined benefit pension or retirement plans.

Perquisites and Other Benefits

We provide NEOs with perquisites and other benefits that we believe are reasonable and consistent with our overall executive compensation program. The costs of these benefits constitute only a small portion of each NEO's total compensation. We offer perquisites and other benefits that we believe to be competitive with benefits offered by companies with whom we compete for talent

Employment Agreement – Irwin D. Simon

We entered into an employment agreement with Mr. Simon, our President and CEO, which was effective from July 1, 2003 through June 30, 2007. The agreement provided for a minimum annual base salary of \$875,000 for the fiscal year ended June 30, 2005, \$950,000 for the fiscal year ended June 30, 2006 and \$1,050,000 for the fiscal year ended June 30, 2007. The Compensation Committee increased Mr. Simon's base salary for the fiscal year ended June 30, 2005 to \$980,000, and to \$1,100,000 for the fiscal year ended June 30, 2006, in each case, based on Mr. Simon's prior year's performance. Mr. Simon's employment agreement also provided for an annual bonus ranging from 0% to 150% of his annual base salary upon the achievement of sales and profitability objectives to be determined by the Compensation Committee. During the term of the agreement, Mr. Simon was entitled to receive an annual grant of options under our 2002 Plan exercisable for 300,000 shares of our common stock at an exercise price equal to the market price on the date of the grant. Pursuant to this employment agreement, during the 2004 fiscal year, Mr. Simon also received an award of 150,000 shares of restricted stock under the 1994 Plan, which vested as of June 30, 2007. After a portion of these shares was withheld for the payment of taxes, Mr. Simon received the remaining 102,417 shares.

On October 30, 2006, the Compensation Committee recommended, and the Board of Directors approved, an extension of Mr. Simon's employment agreement through June 30, 2009, two years beyond its previously-scheduled expiration. Pursuant to the extension, Mr. Simon receives an annual base salary of \$1.25 million per year during the extension period. The Compensation Committee recommended, and the Board of Directors approved, an increase in Mr. Simon's base salary for the fiscal year ended June 30, 2008 to \$1,325,000 based upon Mr. Simon's performance. In addition, he will have the opportunity to earn an annual bonus of up to 200% of his base salary (based on his and our performance during each fiscal year, as determined by the Board of Directors and/or the Compensation Committee). The extension also provides for Mr. Simon to receive the equity equivalent (based on the then-current long-term incentive plan applicable to other executives, including similar vesting provisions) of 300,000 options to purchase our common stock on July 1, 2007 and 2008, and a bonus of \$300,000 upon execution of definitive documentation of the extension. Pursuant to Mr. Simon's employment agreement and the extension of such agreement, Mr. Simon was entitled to receive 300,000 options on each of July 1, 2005, 2006, 2007, and 2008, but these options were not granted. On April 1, 2008, the Board determined that Mr. Simon should receive the equivalent of the Black-Scholes value of the 900,000 options as of April 1, 2008, had they been granted on July 1, 2005, 2006 and 2007 pursuant to Mr. Simon's employment agreement. Please refer to "Long-Term Incentive Program" above for more information. We did not grant the 300,000 options owed to Mr. Simon on July 1, 2008 pursuant to his extension, due to continuing discussions between the Compensation Committee and Mr. Simon as to the form of the grant.

Severance Agreements

In the event that Mr. Simon is terminated without cause or he resigns for good reason, which will include resignation upon a change of control, he will be entitled to, among other things, three years' annual salary and three years' average annual bonus, all options and other stock awards previously granted, but unvested, shall become fully vested and he will be entitled to the Black-Scholes value of all options contemplated but not yet granted pursuant to the employment agreement. In addition, if his contract is not renewed at the end of its term, Mr. Simon will be entitled to three years' annual salary and three years' average annual bonus. Mr. Simon has also agreed not to compete with us for a period of three years after his termination and has agreed to customary provisions regarding confidentiality and proprietary rights. For additional information, see Potential Payments Upon Termination or Change-in-Control, page 14.

We have entered into change of control agreements with Messrs. Lamel and Carroll that provide that in the event that, following a change of control of the company, the surviving corporation takes certain actions, including a termination without cause, diminution in duties or forced relocation, such employee will be entitled to terminate his employment and receive up to three times his annual base salary and annual bonus, up to three years' benefits continuation, immediate vesting of all outstanding options and other stock awards and reimbursement of certain tax obligations. A copy of the form of these change in control agreements is filed with the SEC as Exhibit 10.2 to our Quarterly Report on Form 10-Q for the quarter ended December 31, 2004. For additional information, see Potential Payments Upon Termination or Change-in-Control, page 14.

We have not entered into a change in control agreement with Mr. Speiller. However, Mr. Speiller's offer letter provides that in the event that he is terminated without cause or a change of control occurs, and in connection with such change of control, he is asked to perform in a unacceptable position or location which results in Mr. Speiller terminating such employment, he will receive (i) twelve months of salary continuation and (ii) immediate vesting of all outstanding options and other stock awards.

The Compensation Committee believes that severance and change-in-control benefits are important for attracting and retaining executive talent and help to ensure that executive officers can remain focused during periods of uncertainty and neutralize the potential conflict of our key executives when faced with a potential change-in-control. These are particularly important in an environment where merger and acquisition activity is high. The severance benefit to our CEO upon non-renewal of his employment agreement is provided for by such agreement. We believe that our change in control benefits are consistent with those maintained by comparable companies.

- The exercise prices of these grants to Mr. Simon and Mr. Lamel have been amended as the result of the review of stock option practices by a group of independent directors. Original exercise prices were as follows: to Mr. Simon 600,000 at \$26.625 expiring on July 31, 2010 and 300,000 at \$21.40 expiring on July 11, 2011; and to Mr. Lamel 75,000 at \$12.13 expiring on August 12, 2012.
- Pursuant to Mr. Simon's employment agreement, Mr. Simon was entitled to receive 300,000 options on each of July 1, 2005, 2006 and 2007, but these options were never granted. The ungranted options to Mr. Simon have been previously disclosed in filings since 2006. On April 1, 2008, the Board determined that Mr. Simon should receive the equivalent of the Black-Scholes value of the 900,000 options as of April 1, 2008, had they been granted on July 1, 2005, 2006 and 2007 pursuant to Mr. Simon's employment agreement, aggregating \$12 million in total value. Such amount has been split equally such that (a) 472,671 stock options were granted at an exercise price of \$30.35 per share (equal to the closing market price on April 1, 2008) with a 7-year term that will vest annually over 4 years, (b) 131,796 shares of restricted stock were granted that will vest annually over 3 years and (c) a cash payment of \$4 million was made. The stock options vest in four equal installments on April 1st of 2009, 2010, 2011 and 2012. The restricted stock will vest in three equal installments on April 1st of 2009, 2010 and 2011. In connection with this determination by the Board, Mr. Simon recommended, and the Board agreed, that the equity components of the award would vest under the same terms as awards to other executives and employees at that time, including potential forfeiture should Mr. Simon decide to leave his position with the Company by virtue of his own decision, despite the provision in Mr. Simon's employment agreement that called for immediate vesting upon grant. The granting of these awards to Mr. Simon had been deferred due in part the lack of available shares and in part pending the completion of a study on the appropriate manner of settling these awards.
- On April 1, 2008, the Board determined that Mr. Lamel and Mr. Carroll should each receive an equity grant with a value of \$1 million on the date of grant, to be paid 50% in stock options with a 7-year term that will vest annually over 4 years and 50% in restricted stock that will vest annually over 3 years. Each of Mr. Lamel and Mr. Carroll were granted 59,084 stock options at an exercise price of \$30.35 per share (equal to the closing market price on April 1, 2008) with a 7-year term that will vest in four equal installments on April 1st of 2009, 2010, 2011 and 2012, and 16,474 shares of restricted stock that will vest in three equal installments on April 1st of 2009, 2010 and 2011.
- In connection with Mr. Speiller's appointment as Vice President and Chief Accounting Officer, he was granted 7,000 shares of restricted stock that will vest annually over 3 years in three equal installments on April 1st of 2009, 2010 and 2011.

- (1) Represents the aggregate value realized with respect to all options exercised during the fiscal year ended June 30, 2008. The value realized in connection with each option exercise is calculated as the difference between the per share exercise price of the option and the closing price of the Company's common stock on the date of exercise, multiplied by the number of shares of common stock for which such option was exercised on that date.

Potential Payments upon Termination or Change-in-Control

We believe that severance and change-in-control benefits are important for attracting and retaining executive talent and help to ensure that executive officers can remain focused during periods of uncertainty and neutralize the potential conflict of our key executives when faced with a potential change-in-control. These are particularly important in an environment where merger and acquisition activity is high. We believe that our change in control benefits are consistent with those maintained by comparable companies.

Irwin D. Simon

In the event that Mr. Simon is terminated without cause or he resigns for good reason, which will include resignation upon a change of control, he will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) three years' annual salary and three years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years; (iii) all options and other stock awards previously granted, but unvested, shall become fully vested and he will be entitled to the Black-Scholes value of all options contemplated but not yet granted pursuant to the employment agreement and (iv) to continue participation in all of the Company's medical, dental and vision plans until the third anniversary of his termination. If any payments or benefits to be provided to Mr. Simon in connection with a change in control are subject to the excise tax imposed under Section 4999 of the United States Internal Revenue Code, Mr. Simon is entitled to an additional "gross-up" payment so that the net amount retained by Mr. Simon is equal to such payments and benefits. If Mr. Simon's employment had terminated on June 30, 2008, without cause or he resigns for good reason or due to a change in control, Mr. Simon would be entitled to severance and other benefits having a value of approximately \$11,432,249. Pursuant to Mr. Simon's employment agreement: (i) a "termination without cause" means any termination of Mr. Simon's employment other than a termination for cause (termination due to conviction of a felony or crime of moral turpitude or a willful and continued failure to perform material duties) or termination due to disability; (ii) a "termination for good reason" means a termination of his employment by Mr. Simon following a diminution of his position, duties and responsibilities, the removal of Mr. Simon from, or failure to reelect Mr. Simon as, the Chairman of the Board or as CEO, a reduction in his base salary or a change in control of the Company.

In the event that Mr. Simon's employment terminates due to death or disability he will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) two years' annual salary and two years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years; (iii) all options and other stock awards previously granted, but unvested, shall become fully vested and (iv) to continue participation (or his dependents in the case of his death) in all of the Company's medical, dental and vision plans until the second anniversary of his termination. If Mr. Simon's employment were to terminate due to his death or disability, Mr. Simon currently would be entitled to severance having a value of approximately \$6,850,000.

In the event that Mr. Simon's employment terminates for cause or not for good reason he will be entitled to any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination, and any amounts which are vested at the time of termination.

If Mr. Simon's contract is not renewed at the end of its term, Mr. Simon will be entitled to: (i) any base salary earned, but unpaid, for services rendered to the Company prior to the date of termination; (ii) three years' annual salary and three years' average annual bonus paid to Mr. Simon over the two immediately preceding fiscal years; (iii) all options and other stock awards previously granted, but unvested, shall become fully vested and (iv) to continue participation in all of the Company's medical, dental and vision plans until the third anniversary of his termination. In this instance, Mr. Simon would be entitled to receive approximately \$10,275,000.

Mr. Simon has also agreed not to compete with us for a period of three years following the termination of his employment and has agreed to customary provisions regarding confidentiality and proprietary rights.

Other Named Executive Officers

We have entered into change of control agreements with Mr. Lamel and Mr. Carroll that provide that in the event that, following a change of control of the Company, the surviving corporation takes certain actions, including a termination without cause, diminution in duties, reduction in base salary or certain benefits, or forced relocation, within thirteen months following the change of control, such employee will be entitled to terminate his employment and receive, at the executive's discretion, either a lump sum payment or salary continuation of: (i) three times the highest annual base salary paid to such executive during the thirty-six month period immediately preceding the month in which the change in control occurs; (ii) three times the highest annual bonus paid to such executive during the thirty-six month period immediately preceding the month in which the change in control occurs; (iii) all unpaid accrued vacation through the date of termination; (iv) up to three years' benefits continuation; (v) immediate vesting of all outstanding options and other stock awards and reimbursement of certain tax obligations; (vi) the automobile allowance and other automobile benefits the Executive was receiving immediately prior to the change in control for a period of twelve months following the date of termination and (vii) the cost of outplacement services. Unless another time period is provided, all payments provided herein shall be made no later than the fifteenth day following the date of termination.

If any payments or benefits to be provided to Messrs. Lamel and Carroll in connection with a change in control are subject to the excise tax imposed under Section 4999 of the United States Internal Revenue Code, they are entitled to an additional "gross-up" payment so that the net amount retained by them is equal to such payments and benefits.

If Mr. Lamel's employment had terminated on June 30, 2008 in accordance with the change in control agreement, Mr. Lamel would have been entitled to severance having a value of approximately \$3,152,040. If Mr. Carroll's employment had terminated on June 30, 2008 in accordance with the change in control agreement, Mr. Carroll would have been entitled to severance having a value of approximately \$2,798,688. The amounts in the two preceding sentences do not include the cost of outplacement services.

We have not entered into a change in control agreement with Mr. Speiller. However, Mr. Speiller's offer letter provides that in the event that he is terminated without cause or a change of control occurs, and in connection with such change of control, he is asked to perform in a unacceptable position or location which results in Mr. Speiller terminating such employment, he will receive (i) twelve months of salary continuation and (ii) immediate vesting of all outstanding options and other stock awards. If Mr. Speiller's employment had terminated on June 30, 2008 in accordance with his offer letter, Mr. Speiller would have been entitled to severance having a value of approximately \$336,464.

Non-employee Director Compensation

Each year, our Board of Directors and the Compensation Committee of the Board review and determine compensation for our non-employee directors. The Compensation Committee and our Board believe that compensation should fairly compensate non-employee directors for work required in a company of our size and scope. Mr. Simon did not receive any compensation for his Board service.
